

MARINE KIT

PYROS 650 Evolution

Thermostatic dry block calibrator

- Range: $T_{amb} \pm 650^{\circ}\text{C}$
- Stability: $\pm 0.2^{\circ}\text{C}$
- Display Resolution: 0.1°C
- Well depth: 150 mm
- Standards holes: 4 holes (\varnothing 3.2-5-7-10.5 mm)
- DNV approved

LPP40

Manual vacuum and pressure generator

- Pressure: $-1 \div 35$ bar
- Digital pressure gauge
- Test Fluid: air
- Carrying case with set of accessories
- Standard equipment*: Digital pressure gauge
- BIT 02, range $-1/+20$ bar, accuracy $\pm 0.2\%$

LPP700

Manual hydraulic pressure generator

- Pressure: $0 \div 700$ bar
- Digital or analogic pressure gauge
- Test Fluid: water/oil
- Carrying case with set of accessories
- Standard equipment*: Digital pressure gauge
- BIT 02, range $0/700$ bar, accuracy $\pm 0.2\%$

*other scales on demand

MPM-26 MULTIFUNCTION PROCESS METER AND CALIBRATOR

Compact Multi-function Calibrator and True RMS DMM

- Measure and Source: mA, V, RTD's, TC's, Frequency
- Built-in 24 VDC Loop Power Supply and 250Ω Hart Resistor
- Large, bright dual-measurement display
- Complies with 600V CAT.IV, 1000V CAT.III safety standards, 0-1000 V AC (true-rms) or DC

WATERPROOF RIGID CASE

Rigid case with compartments for MARINE KIT instruments

- Shockproof waterproof ABS materials
- Internal shockproof EPM foam with indentations for housing MARINE KIT instruments
- Compensation valve
- 2 size available: 620x460x340 mm, Trolley 687x525x276 mm

MARINE KIT GIUSSANI

The Giussani Marine kit is the perfect solution for on-board ships sensors calibration and verification.

The kit is suitable for performing pressure, temperature and electrical signal verifications for all types of on-board pressure and temperature transducers.

The kit consists of basic tools from our production line, designed for the immediate use even in the most uncomfortable conditions and equipped with all the essential accessories.

CERTIFICATION:

All instruments are supplied with final testing, stability and accuracy report traceable to Accredia standards.
